December 4, 2020

Aloha Parents and Guardians:

As we bring our 2nd quarter of the school year to a close, I am grateful for your continued support, patience, and understanding as our Aiea-Moanalua-Radford (AMR) Complex Area schools, their administration and staff remain committed to providing the best possible educational experience in light of the ongoing challenges we continue to face with the COVID-19 pandemic.

With the holiday season upon us, we will continue to closely monitor the current case counts and percent positivity rate reported by the Department of Health on their School Guidance webpage. Therefore, the AMR Complex Area schools may be proactively exercising the option to begin the 3rd quarter in distance learning. Our principals will work with their leadership teams and staff to strategically and gradually transition students back to campus during the 3rd quarter.

Principals will share and post their individual school plans for 3rd quarter in the near future. Please note that individual school plans may differ from school to school. Once schools share their plans, please contact them directly if you have any additional questions.

Let us continue to work together in the days ahead to support our children. Best wishes to you and your families for a Happy Holiday Season and a Joyous New Year.

V/R

John A. Erickson
