February 11, 2021

Dear Parents & Guardians,

I am pleased to announce that student picture-taking has been scheduled for Moanalua Elementary students on:

- February 23 - 25: in-person and blended learning students
- February 27: 100% virtual learning students

The full schedule can be viewed on our school website.

All in-person and blended learning students will be photographed with or without a photo order. Photo packages are on a pre-paid basis with delivery expected after our return to school from Spring Break.

Halemano Photography and Moanalua Elementary will be observing strict Covid safety protocols with social distancing, sanitization, masks and face shields. Please note that photography staff will avoid unnecessary close contact with students and will not be restyling hair or garments. With this in mind, please have your child dressed appropriately for picture-taking with hair style and clothing that will not require close contact.

Order envelopes are being sent home with in-person and blended learning students. Families of our virtual learners may view and download the order form from our school's website.

Families of our virtual learners may schedule an appointment time by going to the online survey they will be receiving from their student's teacher or via the link on our school website.

Please feel free to contact me directly if you have any questions.

Sincerely,

Susie Okumura
